State Shorthorn Breeders
SHOW and SALE

Tuesday, March 3, 1953

"Throw Away The Old Models--They Are Obsolete"

THE 1953 MISSOURI MODEL SHORTHORNS
will be unveiled at CHILLICOTHE, MISSOURI, on MARCH 3rd,

at the

Missouri State SHORTHORN Breeders Show and Sale

FRALEY SALE PAVILION

THIRTY-FIVE BULLS — strong yearlings and two-year-olds.

TWENTY-TWO FEMALES — including three cows with calves at foot,
12 bred heifers and 7 open heifers.

Be on hand at 9:00 A.M., to see John C. Blume, manager of Marellbar Farms, Libertyville, Illinois, unveil these 1953 Missouri winners and champions. Mr. D. W. Bishop, owner of Highland View Farms, Gashland, Missouri, and president of the Missouri Shorthorn Breeders' Association, has long had the theory that buyers would be willing to pay for Missouri Shorthorns of real merit. He called upon state breeders to assemble a group of consignments that would demonstrate and justify such a program.

Breeders responded wholeheartedly to this request by providing bulls and females that will meet the requirements of those who wish to improve good herds. It is an offering that will attract those looking for well bred, high quality cattle. An offering that not only features outstanding quality, but up to the minute bloodlines in popular breeding. Again, remember the date, **Tuesday, March 3rd**. Be on hand for the show in the morning and be ready to see Pete Swaffar sell them at 1:00 P.M.

BREEDERS SHOW & SALE

Missouri State Department of Agriculture Awards

The State of Missouri, Department of Agriculture, will award to all animals in each class that can qualify as blue ribbon, red ribbon, and white ribbon animals, their respective earned ribbons and a cash premium for Blue, for Red, and for White.

These awards are made possible through an appropriation by the Missouri Legislature to encourage the production, distribution and use of better breeding animals in Missouri.

BLUE RIBBON Animals are excellent individuals.

Only animals of outstanding quality, unusually good type, symmetry, and conformation, in sufficiently good flesh and adequately fitted to demonstrate fully their qualifications will be placed in this group. These are animals of unusual merit that would in every case be a valuable addition to the top breeding herds of the state.

RED RIBBON Animals are superior individuals.

Only animals of superior quality, of good type and without, any major defect, plainly demonstrating the superiority of their qualifications will be placed in this group. These animals should be sufficiently good to improve any commercial herd and most small breeders' herds.

WHITE RIBBON Animals are good individuals.

Animals of somewhat less desirable type and with one or more rather objectionable characteristics may be placed in this group. These are animals that would improve commercial herds and would in every case be superior to grade and scrub animals.

Animals which are not superior to high grade stock will be unclassified.

Rollo E. Singleton of the Livestock Division will distribute the awards at the show starting at 9:00 a.m. on Sale Day.

OAKDALE MAJOR 2d - is one of the good bulls to sell this spring. His sire is one of our champion winners last fall at the State Fairs, a son of the mighty Killearn Major that has sired all good calves for us as well as winning for us in the show herd. He is easily one of the outstanding Major bulls in service now. This calf is from a dam that is one of the best heifers we have shown in the last three years.

She has a good bull calf at foot, dropped October 15, 1952, sired by Goldfinder Clipper and was re-bred November 17th to Femco Prince Royal 20th. Some shrewd cattleman can get a future herd bull here and at the same time add to his herd a top producing cow and one of the choicest pedigrees in the book.
